

## LADY MACCABEES TO INITIATE 100

Order's Most Important  
Event Scheduled for Fri-  
day Night.

CHIEF OF BODY TO ATTEND

Drill of Thirty-two Young Women  
Attended by Flower Girls  
Novel Feature.

The Ladies of the Maccabees of the World have completed preparations and are now awaiting the most important event in the local history of the organization. Friday night will mark not only the presence in this city of the supreme commander of the order, Mrs. Lillian M. Hollister, but will mark the initiation into the order of a class of over 100 candidates, an increase in membership of something over 10 per cent, as the present rolls of the order in the District of Columbia carry approximately 2,000 names.

Mrs. Hollister leaves her home in Detroit today for an extended tour of the East in the interest of the organization of which she is the supreme head, but will stop in Wilmington Wednesday, and Baltimore Thursday evening to preside at big gatherings in those cities. She will arrive in Washington Friday morning and will make her headquarters at the New Willard.

### A Spectacular

Mrs. Hollister's first public appearance will be at Masonic Temple, Friday night, when the big class initiation will be held and an interesting program provided, leading up to the address of the supreme commander.

Another most interesting and novel feature will be the work of the drill team, composed of thirty-two young women of the order, attended by a bevy of dainty little flower girls, who have been working for three months to perfect themselves in the evolutions.

The secret feature of the initiation Saturday night will be unfolded to the candidates by a second degree team, under the supervision of Mrs. Hollister. This event will take place at Pythian Temple, in the large hall on the main floor, and will be open to all members of the order.

### State Commander's Work.

Mrs. Melva J. Caswell, the State commander of this jurisdiction, with the assistance of her deputy, Mrs. Van Ness, has been working diligently for weeks past and has aroused a degree of enthusiasm in the event that probably never before has been approached in local fraternal circles. Both women will participate in the events of the two evenings.

While the Ladies of the Maccabees are a recognized auxiliary of the Knights of the Maccabees of the World, the business organization is entirely distinct, and with its millions of assets, hundreds of millions of insurance upon lives of women and a record for prompt settlement of claims, the order stands as one of the foremost supporters of this class of insurance in the United States, if not the world.

## "TAKE THIRD TERM," GROSVENOR'S PLEA

Shows Roosevelt His Ar-  
ticle in Favor of the  
Innovation.

Congressman Charles H. Grosvenor, of Ohio, called on the President this morning. In the Grosvenor head were many volumes of advice and in the Grosvenor hand was the Ohio Magazine containing an article by Grosvenor on "A Third Term for President."

Grosvenor asked the President to accept the article, begged him to read, ponder, and reflect, not forgetting that the American people are very well satisfied to have present conditions continue.

General Grosvenor is nothing if not artful and original. Politicians, the country over, are wondering why Grosvenor is so anxious to urge Roosevelt toward acceptance of a second nomination to what would be practically a third term.

Grosvenor was violently, almost violently, opposed to Roosevelt for Vice President in 1900. So was Mark Hanna, but McKinley in a telephone message advised the Roosevelt nomination.

Grosvenor's recent article is aimed against the popular superstition that the Constitution prohibits a third term and that Washington wrote anything condemning it. The first constitutional convention spent days wrangling over a clause prohibiting more than two terms and finally let it out with only the word "three" left in it.

Grosvenor goes out of Congress next March, but two years hence he will probably run again.

### COLLECTIONS FOR CHURCH CALLED GRAFT BY MAYOR

PITTSBURG, Oct. 15.—Mayor George W. Guthrie believes that a city employee who solicits aid for his church is as guilty of graft as the man who collects money for other causes.

Charles S. Wallace, a clerk in the Bureau of Building Inspection, has been dismissed by Director Frank Ridgeway. He visited Mayor Guthrie and asked for an explanation.

The mayor told Wallace that he had received complaints about Wallace soliciting funds and other aid for the Trinity Methodist Episcopal Church, and declared he would not countenance church work among the city employees, as "it's graft."

Wallace was a warm supporter of Mayor Guthrie during the last campaign.

# WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

THE FRANK A. MUNSEY COMPANY, New York.

## Artloom Tapestries

THE PARLOR is the room where coolness and repose should prevail. Gobelin patterns in Artloom Tapestries at doors and windows cannot be anything but refined and tasteful. Their charm lies in the harmonious effects in the softest sort of colors. There are delightful possibilities also in French, Louis XV and Empire styles.

Suppose the home contains a living-room instead of parlor; have it so cozy everyone will make it a rendezvous for chat and relaxation. Good taste suggests that the hangings be in restful, solid colors.

THE VERY NEXT TIME YOU GO SHOPPING make it a point to see the Artloom Tapestries—curtains, table and couch covers. Their artistic beauty and wearing qualities are out of all proportion to their modest prices.

Curtains—Solid colors, Mercerized, Duplex, Oriental, Silk, Bagdad, Brocade and Velour, \$3 to \$20. Wide diversity of designs and colorings.

Couch Covers—Bagdad, Oriental, Turkish, Gobelin, Daghestan, figured Brocade and Velour, \$3 and up. Each an actual counterpart of the masterpieces of foreign looms.

Table Covers—Tapestry, Oriental and Gobelin, \$1.50 and up. Remarkable for artistic qualities and originality.

Always look for the Artloom label  
It is on every Piece
